

Highlights from the Mayor

Well folks, I hate to say it, but I think we have seen the last of the warm weather. I am keeping my fingers crossed because we need warm dry conditions to complete our paving projects, but if there is anything we have no control over it's mother nature.

The 55th Avenue project is well underway and we should have no problem wrapping that up this construction season. The 57th Street project is currently in the design stage and we hope to have the project tendered in the coming weeks. If Mother Nature smiles on us and good weather prevails we should also get that project wrapped up this Fall. However, if the cooler weather sets in for Fall before the beginning of October it is a strong possibility paving won't happen until Spring. When it comes to paving, rain is our biggest obstacle. I want to send out a huge "Well Done" to the Ag Society for another successful rodeo. As always, the events ran like clockwork. To all the volunteers who dedicate so much time to this monumental event I have the greatest admiration. Your organizational skills are enviable and creative and we thank-you for your efforts. Also, I want to recognize our own staff who put so much effort into the town's participation in the rodeo. Whether it was, the Friday night pulled pork on a bun dinner or the chili cook-off our staff put in a huge effort. And of course our recreation staff, who prepare our facilities for the rodeo and then turn around and get the Clancy and the CAP ready for winter events, none of this would be possible without you. Thank-you all, no matter what capacity you contributed in!! The day of the Rodeo Parade was cool and windy and those of you who took part can testify, but still the turnout was amazing. It was so good to see so many familiar faces in the crowd.

Our Cannabis amendments to our Land Use Bylaw are progressing well. A date to note will be September 20th. On that day, there will be a public open house to look for your input on things like the separation of Cannabis retail outlets, setbacks and the hours of operations. If you have any interest, please make an effort to attend and share your perspective. The meeting will take place in Reunion Station from 5:00pm to 7:30 pm.

That's all for now. Many thanks
Maureen Miller, Mayor

PLANNING & DEVELOPMENT

PUBLIC OPEN HOUSE

Take notice that the Town of St. Paul along with ISL Engineering and Land Services Ltd. (ISL) will be hosting a public open house meeting to provide information on the proposed change to the Town's Land Use Bylaw regarding cannabis.

Date: Thursday, September 20, 2018
Time: 5:00 p.m. to 7:30 p.m.
Location: Reunion Station
4012-53 Street

At the open house, you will be able to review materials, discuss with staff/Council/ISL and provide feedback on the proposed changes. A summary of the responses will be provided to Council to assist them in their development of any amendments to the Town's Land Use Bylaw.

Topics include (but are not limited to): Cannabis definitions amendments, Cannabis store application submission requirements, Setbacks from cannabis stores and facilities to sensitive uses, Suitable location of cannabis stores and facilities.

For more information you may contact Kim Heyman, Chief Administrative Officer at 780-645-1764 or Aline Brousseau, Director of Planning & Legislative Services at 780-645-1766.
