

Highlights from the Mayor

Happy Fall!

Leaves are changing colours and that "nip" is in the air!

While this year has brought many challenges to our community, your Council and I are still working on your behalf and staying connected with you.

In the recent weeks, we have listened and heard your concerns about community safety and crime prevention, in particular concerns about property theft. There are several factors that contribute to property theft and we are working with the RCMP to identify risk factors and prevention strategies. We want you to know that this is a top concern and priority for your council.

However, we believe we can all work together to develop strategies that can reduce the frequency of these occurrences. Community safety is a community responsibility, and we all have a role in keeping our communities safe and secure. So, let's come together to tackle this issue.

On Thursday, October 8 at 6pm, we will be hosting a **telephone town hall** in collaboration with the RCMP about safety and crime prevention of our town. This town hall will empower each of us to learn about how we can keep our town safe, and we'll discuss how you can be a part of the solution too.

To be a part of this discussion, please register at <https://tthm.wufoo.com/forms/rcmp-town-of-st-paul-community-teletown-hall/>. If you don't have access to a computer, or you have any questions please phone 780-645-1765 and our staff will register you. The night of town hall you will get a call linking you into the system where you will be able to alert the moderator to voice your question or concern. Check out our FaceBook page for more details in the coming days or call 780-645-1765.

Join the conversation and let's continue to make our town a people kind of place!

All the best
Maureen Miller, Mayor
