**MUNICIPAL ENFORCEMENT**

St. Paul Municipal Enforcement asks that all residential property owners ensure the grass and weeds on their property is cut and maintained.

Currently there is a number of yards, occupied and unoccupied that are not being maintained as per the Town of St. Paul Community Standards Bylaw. As property owners this is your responsibility to ensure compliance. If the residences are being rented out, please ensure your renters are aware of the bylaw and have the means to cut and maintain the yards.

St. Paul Municipal Enforcement will work with property owners to address this issue as well as other unsightly issues. There are a number of contractors who can be hired to assist if residents are unable to do so.
